

VSP KidsCare Plan

While your child's pediatrician or school nurse may do an annual vision screening, it's not the same as a thorough eye exam by a VSP network doctor.

The VSP® KidsCare Plan meets the eye health needs critical to a child's development by providing two WellVision Exams® and one pair of glasses or contacts¹ every year, and an additional pair of lenses if their prescription changes.²

Help Keep Their Eyes Healthy.

- Children do most of their learning through their eyes, and vision problems can affect their success.³
- Growing children may experience vision changes frequently during their school years.⁴
- Add on hours of screen time for school and play, and today's kids may need even more eye care.

80%

of what children learn is through their eyes.³
